

GREATER NAPLES FIRE RESCUE DISTRICT

GENERAL ORDER

032824

MDT SECURITY

SECTION

Operations Sections

ATTENTION

Operations Personnel

EFFECTIVE

Immediately

EXPIRES

N/A

In an effort to ensure accurate data collection and reduce the risk of damage, the new MDT's (with the exception of the Battalion Chief and Command Staff equipped units) will be locked in the docking station at all times. District cell phones can be utilized to access CAD information via Tablet Command when outside the apparatus.

Please see a Battalion Chief or Command Staff member to unlock, should there be a need to remove an MDT. If there are any issues accessing information on the District cell phone, please contact IT to resolve.
