

# GREATER NAPLES FIRE RESCUE DISTRICT MEMORANDUM

24-012

**DATE:** February 5, 2024  
**TO:** All Personnel  
**FROM:** Josh Bauer, Deputy Chief  
**SUBJECT:** Fleet ID's and Call Signs

---

In order to account for the new apparatus being put into service the following changes are being made to the fleet naming schedule.

Moving forward all small vehicles and reserve apparatus shall be referred to using their "Fleet ID". The Fleet ID number is a two-digit year – then a three-digit number. This number will be in the Apparatus Description in EPR. The Fleet ID Number should be used as the preferred form of identification for reserves and small fleet vehicles. The Fleet ID will be placed in the front driver side front exterior corner of the apparatus or front license plate via a decal to aid drivers in identifying the vehicle.

The Reserve Fleet of apparatus will be renumbered to the following:

Callsign	Fleet ID	Description
Engine 900	17-014	2017 Eone
Engine 901	18-003	2018 Eone
Engine 902	18-004	2018 Eone
Engine 903	18-005	2018 Eone
Engine 904	18-006	2018 Eone
Engine 905	18-007	2018 Eone
Engine 906	21-006	2021 Eone
