

GREATER NAPLES FIRE RESCUE DISTRICT
FY 26-27

BUDGET

Greater Naples Fire Rescue District

INTRODUCTION

The Greater Naples Fire Rescue District is the largest independent fire district in the State of Florida, covering an area of approximately 1,512 square miles. Employing a total of 300+ personnel, year to date the District responded to 20,093 calls for service in 2026, versus 19,044 for the period between January and August of last year. The District operates from 16 Fire Stations.

FY 25-26 Budget Highlights:

1. Salary adjustments for all employees based on employment groups
2. Hired two new cadres of recruits, one being partially funded by the SAFER Grant for the first three years
3. Added Procurement Coordinator position and filled Water Supply Tech and Wellness Coordinator
4. Replaced multiple laptops/iPads
5. Added enhanced mobile data to district vehicles
6. Purchased 7 additional pumper trucks, 1 with impact fees and 6 via lease agreement
7. Opened Station 74

Some of the goals and considerations for the FY 26-27 Budget are:

1. Salary adjustments for all employees based on employment groups
2. Continuing the replacement of technology devices
3. Equip all apparatus with standardized equipment to provide additional resources, reduce swapping time, and allow for more control and accountability of inventory
4. Continuing CIP re-development and prioritizing
5. Focus will be on reducing overtime to allow for the staffing of strategic positions to enhance operations and administrative capacity
6. Anticipate substantially completing design of Station 26
7. Station remodels to be completed with funding from the HMGP (Hazard Mitigation Grant Program)

TRIM Analysis—GENERAL FUND AND CAPITAL IMPROVEMENT PROJECTS FUND

The Truth in Millage (TRIM) process as provided by the Florida Department of Revenue dictates the responsibilities and requirements of the District as it relates to determining proposed tax rates and budgeting. The proposed FY 26-27 budget was prepared with a millage rate of 2.0. The rolled back rate is the millage rate which will provide the same ad valorem tax revenue levied in the prior year. The current year roll-back millage rate is 1.9875 mills. The proposed rate of 2.0 mills is a 00.6289% increase from the roll-back rate.

Ad Valorem tax accounts for 95% of revenue sources for the Fire District. The projected gross taxable value for Greater Naples Fire Rescue is \$42,337,402,330 which is an 3.48% increase from FY 25-26. It is required that the District budget at least 95% of anticipated ad valorem revenue generated from the adopted millage rate. The County Tax Collector remits ad valorem that is levied each November 1 as it is collected, with the majority of the revenue being received toward the end of the first quarter of the fiscal year.

(1) The increase in revenues is primarily due to an increase in taxables values of 3.48% as well as slightly higher expected interest earnings, \$61K.

(2) The increase in employee costs are due primarily to wage adjustments for all employees including benefits such as additional retirement contributions, health insurance increase, payroll tax increases, and additional staff per contractual requirements.

(3) The expected overage of revenues over expenditures will be reserves for future property and health insurance costs in an commensurate with any reductions from the amount initially expected.

(4) Although the SAFER grant only requires a 25% match for the second year, similar to the first year, the District is transferring 66% of the annual approved cost in order to prepare to cover full costs upon the closing of the grant on the third year. The grant requires a 65% match on the third year.
